

HUDSON RIVER PARK TRUST & MANHATTAN COMMUNITY BOARD 1 INVITE YOU TO AN

ESTUARIAL DESIGN ENGAGEMENT MEETING

**TUESDAY JUNE 18
6:00 PM**

**IN-PERSON AT:
Manhattan CB1 Office
1 Centre Street,
Room 2202**

LIVE REMOTE MEETING: live.mcb1.nyc

The Estuarium is Hudson River Park's long-planned environmental education and research facility dedicated to enhancing knowledge about the Hudson River. It has been a foundational part of the vision for the Park in Tribeca since the 1990's.

The Hudson River Park Trust is working with a comprehensive design team led by a Tribeca-based firm, Sage and Coombe Architects, that has partnered with EHDD Architecture to design this educational and research space. We look forward to sharing updates on the schematic design of the building and soliciting feedback.

Join Manhattan Community Board 1's Waterfront, Parks & Cultural Committee June meeting to continue the discussion.

We encourage the community to attend in person or remotely.

RSVP to education@hrpt.ny.gov
