Responses Due: January 8, 2025 at 1:00 PM**

The Hudson River Park Trust (“Trust”) invites qualified vendors to respond to this Request for Quotes (“**RFQ**”) for Uniforms/Clothing Screen-Printing & Embroidery (together, “Logoed Uniforms”). This is a Discretionary Procurement that is available only to New York State M/WBE or SDVOB certified firms.

Hudson River Park stretches along the Hudson River waterfront from the northern boundary of Battery Park City to 59th Street. With approximately 100 full time employees and 30+ seasonal employees, uniforms are a critical component, and the Trust is looking for vendors that can accommodate the variety of uniform needs for all departments, all while abiding by Hudson River Park’s brand requirements. The Hudson River Park Trust is a New York State public benefit corporation and 501(c)(3) charitable organization. The Trust is an equal opportunity contracting agency.

**Proposals Must Include:**

- A Complete Pricing Bid Chart (**Attachment A**). Pricing should be based on pricing expected for calendar year 2025. Please also identify expected price escalation for years 2 to 5 of the contract term, if any.

**The forms attached are also available on the Trust's Bids and Business Opportunities Website at <https://hudsonriverpark.org/about-us/bids-business-opportunities>.**

**Disclosure of Prior Non-Responsibility Determinations**

**Background:**

New York State Finance Law §139-k(2) obligates Hudson River Park Trust to obtain specific information regarding prior non-responsibility determinations with respect to State Finance Law §139-j. This information must be collected in addition to the information that is separately obtained pursuant to State Finance Law §163(9). In accordance with State Finance Law §139-k, an Offerer must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any Governmental Entity due to: (a) a violation of State Finance Law §139-j or (b) the intentional provision of false or incomplete information to a Governmental Entity. The terms “Offerer” and “Governmental Entity” are defined in State Finance Law § 139-k(1). State Finance Law §139-j sets forth detailed requirements about the restrictions on Contacts during the procurement process. A violation of State Finance Law §139-j includes, but is not limited to, an impermissible Contact during the restricted period (for example, contacting a person or entity other than the designated contact person, when such contact does not fall within one of the exemptions).

As part of its responsibility determination, State Finance Law §139-k(3) mandates consideration of whether an Offerer fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any Offerer that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Offerer is necessary to protect public property or public health safety, and that the Offerer is the only source capable of supplying the required Article of Procurement within the necessary timeframe. See State Finance Law §§139-j (10)(b) and 139-k(3).

## Certification Under Executive Order No. 16 Prohibiting State Agencies and Authorities from Contracting with Businesses Conducting Business in Russia

Executive Order No. 16 provides that “all Affected State Entities are directed to refrain from entering into any new contract or renewing any existing contract with an entity conducting business operations in Russia.” The complete text of Executive Order No. 16 can be found [here](#).

The Executive Order remains in effect while sanctions imposed by the federal government are in effect. Accordingly, vendors who may be excluded from award because of current business operations in Russia are nevertheless encouraged to respond to solicitations to preserve their contracting opportunities in case the sanctions are lifted during a solicitation or even after award in the case of some solicitations.

As defined in Executive Order No. 16, an “entity conducting business operations in Russia” means an institution or company, wherever located, conducting any commercial activity in Russia or transacting business with the Russian Government or with commercial entities headquartered in Russia or with their principal place of business in Russia in the form of contracting, sales, purchasing, investment, or any business partnership.

Is Vendor an entity conducting business operations in Russia, as defined above? Please answer by checking one of the following boxes:

1. No, Vendor/Contractor does not conduct business operations in Russia within the meaning of Executive Order No. 16
2. a. Yes, Vendor/Contractor conducts business operations in Russia within the meaning of Executive Order No. 16 but has taken steps to wind down business operations in Russia or is in the process of winding down business operations in Russia. (Please provide a detailed description of the wind down process and a schedule for completion.)
- 2.b. Yes, Vendor/Contractor conducts business operations in Russia within the meaning of Executive Order No. 16 but only to the extent necessary to provide vital health and safety services within Russia or to comply with federal law, regulations, executive orders, or directives. (Please provide a detailed description of the services being provided or the relevant laws, regulations, etc.)
3. Yes, Vendor/Contractor conducts business operations in Russia within the meaning of Executive Order No. 16.

The undersigned certifies under penalties of perjury that they are knowledgeable about the Vendor’s business and operations and that the answer provided herein is true to the best of their knowledge and belief.

# Brand Guidelines

# Primary Logo (Logo 1)

Hudson River Park Primary logo is shown on the right. It has been developed for the park to be inclusive, solid and memorable. Its size, position, spacing and relationship has been carefully defined and should not be altered in any way other than outlined in these guidelines.

The Hudson River Park logo was designed using the typeface Metric Bold. Some of the letter forms have been modified and redrawn for our purposes. From these letter forms we have developed a custom version of Metric Bold to extend the parks brand.

# Primary Logo (Logo 1) Attributes

When using the primary logo, always provide a protective space around it. The space around the logo should be a minimum of “½ x”. This protective space will ensure that the Primary logo is always reproduced in a clear and consistent way, and protects the logo from surrounding distracting graphics or typography.

The colors of the logo should not be altered in any way other than outlined in this document. Provided are a range of color values to ensure proper reproduction across all mediums. When reproducing logos always use the Pantone numbers (PMS) as a guide.

The Hudson River Park Primary logo must always be legible. The minimum size they may appear is 1 ½ inches wide for print and 200 px wide for screen. Ideally logos should be used at larger sizes than shown here, when possible. If shown in conjunction with other logos, they must be placed at least one third of the total width of the logo on all sides.

Note: Colors shown on this page are not accurate for color matching. Please refer to the current Pantone Color Formula Guide to ensure that color reproduction is accurate. The colors shown in this manual have not been evaluated by Pantone Inc. for accuracy (Pantone® is a registered trademark of Pantone, Inc).

# Logo Misuse

When reproducing the logo, we must always care and protect its original form. To ensure the strength of the logo, consistency is of utmost importance.

What not to do is just as important as what to do. We cannot anticipate all the things to not do with the logo, so please use this page as a guide for what you think may not be right for the Hudson River park brand identity. Please do not redraw or alter the logotype, bar, proportions, size, colors or relationship of the elements.

Never:

1. Outline or add a stroke
2. Change the logotype
3. Alter the placement of elements
4. Stretch or skew proportions
5. Rotate any elements
6. Add other words
7. Apply filters, gradients, or effects
8. Alter color
9. Create special use variants

Note: The regulations on this page apply to all other logos in this document. Which include the secondary logos, Hudson River Park Trust logo, and Hudson River Park Friends Logo.

# Secondary Logo (Logo 2)

Hudson River Park secondary logos are shown on the right. They contain an acronym and have been developed for special applications when the Primary logo is not appropriate or is less than ideal. It may be used in tandem with the Primary logo in both forms shown. The version containing the full logo type is preferred in most applications (Fig. 1). When reproduction and legibility is an issue the version which omits the logotype is appropriate (Fig. 2). This variation is often ideal for smaller sizes. The logo's size, position, spacing and relationship has been carefully defined and should not be altered in any way other than outlined in these guidelines.

# Secondary Logo (Logo 2) Attributes

When using the secondary logo, always provide protective space around them. The space around the logo should be a minimum of “ $\frac{1}{2}$  x”. This protective space will ensure that the secondary logos are always reproduced in a clear and consistent way, and protects the logo from surrounding distracting graphics or typography.

The colors of the logo should not be altered in any way other than outlined in this document. Provided are a range of color values to ensure proper reproduction across all mediums. When reproducing logos always use the Pantone numbers (PMS) as a guide.

The Hudson River Park's secondary logos must always be legible. The minimum size the logo containing the logotype may appear is 1 inch wide for print and 150 px wide for screen, the variation without being  $\frac{1}{4}$  inch wide for print and 40 px wide for screen. Ideally logos should be used at larger sizes than shown here, when possible. If shown in conjunction with other logos, they must be placed at least half of the total width of the logo on all sides.

# Color Palette

A carefully tailored color palette has been designed for Hudson River Park.

The primary colors to be used for core identity applications is the blue and green. In most cases blue is the preferred color to use, particularly when creating large fields of color. The primary background canvas is white, and should be used generously. Four secondary colors are available for limited use.

The color palette includes Pantone references (PMS) and process match breakdowns (CMYK) for printing applications. Also included are the RGB equivalent breakdowns for use in word processing and presentation software, as well as hexadecimal (HEX) references for screen and web applications.

The Hudson River Park color palette uses predominately its primary colors and to a smaller degree the secondary colors. The shown color proportions should be followed when applying color to communications.
