Hudson River Park Trust is working with Marvel to design one of the final unfinished sections of Hudson River Park between W 29 and W 44 St. At this community meeting we will be continuing to focus on the upland area from W 39 to W 44 St.

Based on feedback gathered at the first meeting, Marvel will be presenting ideas to give you a greener and more welcoming park. Community is at the center of what we do, and we want your input as design continues!
